

STORM SAFETY

Important storm reminders
from Piedmont Natural Gas

piedmontng.com/Severe-Weather

At Piedmont Natural Gas, your safety is our top priority!

Wind-related damage:

If you see or suspect damage to natural gas lines or facilities due to uprooted trees or wind-related damage, call 911 or Piedmont Natural Gas at **800.752.7504**.

If water has entered your home:

- Call Piedmont for an appointment at **800.752.7504**
- Don't try to work on your natural gas meter or relight your natural gas appliances
- Never use outdoor equipment indoors for cooking or heating

If your natural gas appliances have been damaged by water:

- Choose a licensed contractor that follows all safety and manufacturer guidelines (call Piedmont or go to piedmontng.com for a full list)
- Don't attempt unauthorized repairs that can be unsafe and may void your warranty

If you suspect a natural gas leak:

- Leave the area immediately and call 911 or call Piedmont from a safe location
- Don't use anything electrical (including a phone or cellphone)
- Don't try to locate or stop the leak

**Know what's below.
Call before you dig.**

Call 811 Before You Dig:

Call 811 to have your natural gas lines located and marked (for free) before you remove uprooted trees, rebuild storm-damaged structures or dig anywhere on your property.
